ADVOCATES for CHILDREN OF NEW JERSEY

Help Make Kids NJ's #1 Priority!

ACNJ sponsors a grassroots, e-advocacy effort that brings the needs of children to the attention of New Jersey's state and national politicians. When you join **our e-network**, you can influence their decisions with a simple click of the mouse.

Join today. We will send you occasional, informative e-mails. We will **NOT** give your e-mail to anyone else for any purpose. It will be used strictly to keep you informed about pressing children's issues and to give you an easy way to speak up for kids.

By signing on, you will send a strong message to our state and national leaders that children must be a top concern when they are debating public issues.

Do Politicians Pay Attention?

Surprisingly, they do! Since we launched this campaign in June 2005, our online supporters have sent thousands of e-mail messages that have resulted in real changes, including giving more uninsured children health insurance, protecting abused children and sending more children to preschool. Our supporters also regularly receive personal responses from their legislators. When more people talk, politicians are more likely to listen.

Please join us today. Simply go to www.ACNJ.org and click Take Action.

Join Us giving every child a chance to grow up safe, healthy and educated.
