## Help Make Kids NJ's #1 Priority!

**ACNJ** sponsors a grassroots, e-advocacy effort that brings the needs of children to the attention of New Jersey's state and national politicians. When you join **our e-network**, you can influence their decisions with a simple click of the mouse.

Join today. We will send you occasional, informative emails – usually about two per month. We will **NOT** give your email to anyone else for any purpose. It will be used strictly to keep you informed about pressing children's issues and to give you an easy way to speak up for kids.

By signing on, you will send a strong message to our state and national leaders that children must be a top concern when they are debating public issues.

### **Do Politicians Pay Attention?**

Surprisingly, they do! Since we launched this campaign in June 2005, our online supporters have sent thousands of email messages that have resulted in real changes, including giving more uninsured children health insurance, protecting abused children and sending more children to preschool. Our supporters also regularly receive personal responses from their legislators. When more people talk, politicians are more likely to listen.

**Please join us today. Simply go to  
[www.ACNJ.org](http://www.ACNJ.org)**

for All New Jersey Children**
